---

**The purpose of this notice is a request to publish information regarding Electronic Visit Verification (EVV) on each PAA's website regarding an updated fact sheet being provided by the Ohio Department of Medicaid (ODM) and Sandata Technologies.**

ODM has created a new EVV fact sheet that we hope will be helpful for providers, individuals, and case managers. The fact sheet has high-level information about EVV and helpful resources for more detailed information. This fact sheet has an electronic version and a printer-friendly version for those who prefer a tangible guide to hold, write notes on, or hand/mail to someone looking for more information.

The electronic and printer-friendly versions of this document are available on the [ODM website](#).

*Fostering sound public policy, research, and initiatives that benefit older Ohioans.*
